

QUOTATION ORDER **BIG ROTATION DOOR FIRE FIXING® EI₂ 60-90-120 1 LEAF**

Customer Date
Item code Page n° of pages

NOTES:

- Elements providing fire compartmentation. Do not use inappropriately.
- Installation to be carried out by qualified and experienced staff.
- Do not install in places subject to direct air flow.
- Mount only on flat plumb vertical structures or compartments suitable to bear the heavy radial load.
- Dangerous closing during rotation caused by "boom effect".
- Precautions during use and risk analysis are to be defined by the customer.
- For special requirements, please indicate available spaces and contact our Technical Office
